is 222,640.

## Signs Must Meet City Specifications

Recently, the City has received complaints from pedestrians concerned about sidewalk signage (A-Frame signs, etc., blocking their path). The City has developed a specific set of guidelines regarding business, residential and commercial signage in its Sign Code #3064. Business owners are asked to familiarize themselves with the Code to ensure that they're meeting all requirements and preserving the safety of Chandler pedestrians and motorists.

Signs should never be placed on sidewalks or in public right-of-ways, and pedestrian access must be maintained at all times. To view the complete City Code or log complaints, go to:
